

# Do you have a child between the ages of 8 and 12?

## If so, we need your help!

**We are looking for healthy 8-12 year olds to participate in a 30-minute study at the IWK Health Centre.**

**You and your child will visit the Centre for Pediatric Pain Research to participate in a research project studying how children think about peers with a chronic illness.**

**For helping us, your child will receive a prize and a certificate, and you will receive \$5 to help with transportation costs and to thank you for your time.**
